

# Citrus College Architecture

The Citrus College Architecture Program is designed for the student who wishes to earn a certificate or transfer to a university and complete a bachelor's degree in architecture.

If you are interested in architecture and its implications in today's world, this program will help prepare you for a career in this growing field. The program consists of architectural, drafting and art courses, along with relevant academic instruction in college transferable courses. You will also learn to operate the design and technical equipment that professionals use.

Career opportunities include architectural draftsman and CAD operator, employees who draft plans for residential and commercial buildings. You may work for a small residential architect as the sole drafter or for a large commercial design or construction firm as part of a drafting team.

- Transferable  
*Transfer requirements vary from college to college. See a counselor to set or review an educational plan.*
- Associate in Science degree
- Certificates of Achievement  
Architectural Design  
Architectural Drafting CAD

- 
- Day Classes
  - Evening Classes
  - Assessment test required for associate degree, certificate of achievement and transfer students.

## College Admission

Admission to Citrus College is open to high school graduates and any person 18 years of age or over.

To enroll, submit an application for admission online at:  
<https://wingspan.citruscollege.edu>

New students enrolled in five or more units and planning to earn an associate degree, a certificate of achievement, or a skill award must take an English and math skills assessment. In addition, new students who plan to enroll in English, mathematics or reading classes must participate in the skills assessment process.

## Concurrent Enrollment for High School Students

Some programs and classes are available to current junior and senior high school students. Interested students should contact their high school counselor or the college's Admissions and Records Office.

## Associate Degree

For an associate degree, a student must complete 60 degree applicable units of work and fulfill specific general education requirements, including electives and physical education. A cumulative grade-point average of 2.0 ("C") or above is required.

For detailed information, refer to the college catalog or consult a counselor.

## Transfer Requirements

Transfer requirements can be integrated with the associate degree option so that you may receive a degree at the time of transfer. **See a counselor for specific requirements for your major. Course requirements may vary among colleges.**
